Section 3-112. Revenue Program --

The council, at the meeting at which the annual legislative and executive budget ordinances are enacted, shall also enact such measures as will yield sufficient moneys, together with available surplus and other available moneys, to balance the budget.

The council shall by ordinance fix the fees and charges for all services rendered by the city and for the use of city property and facilities, except as otherwise provided by this charter. The council may specifically delegate this authority to the executive branch as it deems necessary or desirable. *(Reso. 84-197)*
